

This new CPD offer for 2025 focusses on relationship building both between you and your client, as well as with me.

It is very flexible and aimed at you picking your own targets and us working together to achieve them. Every month you will receive a recorded PowerPoint, of approximately an hour in length, so your knowledge of youngstock care will increase throughout the year. In addition there will be a half hour 1-2-1 online where we will work towards your goals.

The 1-2-1 online meetings can be directly linked to the PowerPoint with questions or maybe discussing a case you are dealing with at that moment. They could be focussed more on setting up a farmer action group or calf meeting perhaps, or any other areas you are trying to improve.

You can pay for the year upfront at £600+VAT with the following benefits:

You will be sent the link to the monthly recorded PowerPoint as well as having access to see the available slots that you can sign up for your 1-2-1 sessions. The aim of these sessions is for you to develop your own bespoke plan and your confidence; so you can spread them out to suit your aims.

With the flexibility of this plan, they can be focussed around any event, however you will only be limited to 12 for the year.

Or...

Pay monthly option at £160+ VAT per month

If you opt to pay monthly then these sessions will be limited to no more than once a month, however you will be able to select the PowerPoint that most interests you. If you do opt for the monthly option initially and then decide after two months to extend to the full year, you would be asked to pay just the difference in a one off payment.*

** E.g. You could pay as you go for 2 months (£320+VAT) and then decide to extend to the full year paying only the additional £280+VAT.*
